## PROFIL

---

5th semester student majoring in Informatics Management at Politeknik Negeri Medan with a deep interest in IT. Having a vocational education background majoring in Computer Network Engineering, experienced in leading and participating in various computer and network engineering projects. Interested in hardware and software, which encouraged him to continue his study in Informatics Management. During college, I was active in several web development projects, database management, and MYSQL/phpmyadmin operations. In my 5th semester, I joined the msib program, batch 7 self-study at Infinite Learning.
